## **Review Comments**

12. There were no comments received.

## **Findings**

13. The applicant is renewing previously approved Forest Operations Permits for the areas to be harvested in the P-MA on the south slope of Kibby Mountain in Skinner Township (T1R7 WBKP).
14. A field visit was conducted November 14, 2014. The field visit showed the permit application was complete and accurate.
15. There will be no road or yard construction in the P-MA.
16. The harvest activity will take place on frozen ground and slash will be used as necessary to stabilize skid trails.

The information provided in the application, along with an MFS inspection of the site conditions in the area to be harvested, demonstrate that the petitioner has met its burden of proof and satisfied the requirements of Chapter 27, Section 4.

Based upon the above proposal, the MFS concludes that the proposal will meet the Criteria for Approval, 12 M.R.S. §Section 685-A(1) of the Commission's Statutes, and Maine Forest Service Rules, Chapters 20 and 27.

**Therefore, the MFS staff approves the application of Plum Creek Timber, Inc. with the following conditions:**

1. The operation will be conducted during snow covered or frozen ground conditions.
2. The harvesting authorized in this permit can commence on the effective date of this permit and should be completed within the time outlined in Section 6 above. If such activities are not started and completed within this time period, this permit lapses and no activities may then occur unless and until a new permit or extension to the existing permit has been granted by the MFS.
3. All harvesting activities will be done according to the standards in Chapter 27 Standards for Timber Harvesting and Timber Harvesting Related Activities within Unorganized and Deorganized Areas of the State, Section 4 as applicable.

If no person requests that the Maine Forest Service review the decision of staff within 30 days of the date of this staff decision, this permit becomes final agency action subject to review of the Maine Administrative Procedure Act. Pursuant to 5 M.R.S. §§ 11001 *et seq.*, a person aggrieved by an MFS permit decision may appeal the MFS's final action to Superior Court. As part of such an appeal, a person aggrieved may seek judicial review of the components of MFS's final action and permitting decision.

This permit is approved only upon the above stated conditions and remains valid only if the permittee complies with all of these conditions. In addition, any person aggrieved by this decision of the staff may, within 30 days, request that the Maine Forest Service review the decision.
